## MRS. W. C. BRANDON

Wife of Earlington Minister Passes Away After Long Years of Illness

FUNERAL BY DR. BROWDER, OF RUSSELLVILLE—INTERMENT AT LA FAYETTE

Mrs. Lucy Ewing Brandon, wife of Rev. W. C. Brandon, pastor of the Earlington Methodist Episcopal Church, South, died at 1:20 a. m. Sunday at the parsonage, after a lingering illness following years of invalidism, during which her friends here and elsewhere have known her as the personification of patience, cheerfulness and fortitude. She had been looking forward to the end as the hour of her release from suffering and the beginning of the perfect life on the other side, and the end came peacefully, quietly, almost imperceptibly, and she slept.

Mrs. Brandon would have been fifty-five years old May 23rd, next. She was married to Rev. W. C. Brandon more than thirty years ago, on September 20th, 1881.

Her girlhood home was in Central Kentucky, where she was educated, graduating at Alexander College, Burkesville, Ky., a school now obsolete. She was the daughter of Mr. and Mrs. Joseph Ewing, of Lebanon, Ky. No member of her father's family survives. There were three children and she is the last. She is survived by her husband and two sons, E. W. Brandon, of Ruleville, Miss., and Dr. E. C. Brandon, of Fairview, Ky. Dr. Brandon was with his mother several days before her death. The other son arrived in time to accompany the remains to their last resting place.

Monday morning the funeral party left on the early train taking the remains for interment at La Fayette, Ky., where is the family burying ground in a beautiful cemetery.

Ewing Brandon, of Ruleville Miss., was called here on account of the death of his mother.

### Notice to The Public

I have purchased the interest of T. H. Stone in the Livery Stable. All parties indebted to the firm of Barnett & Stone will please call and settle at once.

Respectfully,  
CHAS. E. BARNETT

The funeral was held Sunday afternoon at the church. Dr. R. W. Browder, of Russellville, conducted the services. Dr. Browder said that more than twelve years ago Mrs. Brandon had said to him that when she died she wanted him to preach her funeral and that she had frequently

### Making a Railroad Man.

Ambitious Youth Told What is Wanted, Solves Problem and Becomes a Superintendent.

Ten years ago a youth of twenty years, and of good family, came into a trunk line president's office and asked for a job. "What do you want to do?" was the question.

"I would like to be a division superintendent."

"Oh, is that so?" sarcastically replied the president. "Well, if you will do as I say you can be superintendent by the time you are thirty; but at present you will report to the maintenance of way department and get a job as a section hand. But keep your eyes and ears open."

The youth was put to work with a Italian cleaning out cattle cars. After a week of this foul work, the young man wrote to the president protesting that he thought such labor was not necessary to the realization of his ambitions.

The president wrote back "If you had paid less attention to the objectionable odors and your working companion, but could have told me exactly how much it cost to clean out a car, and whether we could save money by letting the work out by contract, instead of doing the work ourselves, you would have accomplished something in your week of work. That is but one of the many problems we are trying to solve all the time."

"I get your idea," the would-be superintendent briefly wrote back; and the president heard no more from him.

Two months ago the general manager of the same trunk line came into the president's office and said he had appointed a new "super." for the —— division. The president picked up the order to affix his O. K. signature. The name was familiar.

### Madisonville Notes

#### Book Club

Miss Mamie Wooten very charmingly entertained the Book Club Friday afternoon at her home on North Main St.

The house was attractively decorated in ferns, cut flowers and potted plants. Gorgeous tulips of red and yellow were used as the main decoration.

The beautiful two course luncheon served during the social hour was, in the ice course, carried out in the shape of tulips. The mints and cakes being the same. Miss Wooten had as her guests beside the members of the club: Misses Margaret and Louise McPherson, Agnes Bailey, Metabeth Sory, Johnnay Mills and Mrs. D. H. Kincheloe.

#### Week-End House Party

The following from this city attended a most enjoyable weekend house party given at the home of Miss Florence Campbell in Morganfield: Misses Nellie Smith, Harpenden Eblen, Hilda McClosky, Elizabeth Gunther, Hallie Witherspoon, Bertha Oates, Ethel Terry and Myrtle Underwood.

#### Visitor Entertained

Mrs. Edward Hall, of Kansas City, Kan., who has been the guest of Mrs. Clyde Ruby, was the guest of honor at a most beautiful party given at the

home of Mrs. L. E. Ruby on S. Union St., Friday afternoon.

An elaborate luncheon was served during the social hour.

Mr. and Mrs. C. L. Ross and children, James Boardley, and Louise, of Madisonville, left Monday for California to be gone six weeks, the guests of relatives and friends.

Mrs. Belle Cook and Mrs. Edward Hall, of Kansas City, Kansas, who have been the guests of relatives and friends in Madisonville, returned to their home Sunday. Mrs. Hall was formerly Miss Emma Cook, of this city and has been the guest of Honor at many Social Functions since her visit here at the home of Mrs. Clyde Ruby.

J. M. McPherson left Sunday for a few days visit in Louisville.

Pat Morgau, of Greenville, was in Madisonville Friday evening attending the dance at the Madison Hotel.

Dr. Martha Beard of Cincinnati, is in this city the guest of Drs. Parkers.

Mrs. Harrison and daughters, of Madisonville, spent the week-end in Dawson Springs with Rev. Harrison who is holding a protracted meeting in that place.

#### You Can Eat Anything.

Eat what your stomach craves without the slightest fear of indigestion, which is an awful feeling. Relief in one minute. Get a 50c bottle from the drug department of the St. Bernard Mining Company, Incorporated.

Mrs. George Coffman, who has been visiting Mesdames Lucy Bean and Mike Hanna, returned to her home in Oakville this morning.

### SPLENDID BIBLE SCHOOL

Increase of 35 Over Last Sunday—Much Interest Shown

There were 201 present at the Bible School of the Christian Church Sunday. The collection amounted to \$6.68. There was an increase of thirty-five over last Sunday. There were twenty seven new pupils, as a result of committee work. The ladies class had thirty-one present, and the men's class twenty-seven. This is a splendid school, and, with a little more effort on the part of the committee men, will soon be the leading one of the town.

#### Civic Improvement League

As a result of the announcement in the last issue of the Bee, quite a large number of citizens met at the School building last evening to discuss the advisability of organizing a Civic Improvement League. Mrs. F. B. Arnold was elected temporary chairman. An enthusiastic discussion was indulged in by all present. All were of one opinion as to its importance. Another meeting was called for 4 p. m. Thursday May 2 at same place, at which time a permanent organization will probably be formed. All citizens are urged to be present.

#### "Preserving" the Baby.

Young James had seen some fish pickled, and was at once impressed and puzzled by the explanation, elicited by a long and steady fire of questions, that the salting process was to make the fish "keep." A little later he attended the baptism of an infant friend and was still puzzled. But at last a light broke in upon him, and in a shrill tone that could be heard all over the sacred edifice he exclaimed: "Oh, now I know all about it, mother. The water is to make the baby keep!"

#### Pedagogue at His Worst.

An Ohio schoolteacher has declared that both the Declaration of Independence and the Constitution are lacking in literary style. It would be too great a risk to trust that man with either the first chapter of Genesis or the Gettysburg speech.

### FAILURE TO

### OBEY ORDERS

Was Cause of the Explosion in the Coal Mine, Says C. J. Norwood

### WHO IS STATE MINE INSPECTOR

State Inspector Norwood, after personally directing the rescue work left Madisonville Friday afternoon, and before leaving gave his opinion as to the cause of the explosion, gained from his investigation.

Failure to regard orders by night

Foreman Joseph Hollowell, one of the victims, is given as the cause of the explosion by Mr. Norwood.

Sworn testimony by several witness

es was that the foreman had been

given orders to wait half an hour af

ter having started the fan before venturing into the recesses of the mines.

According to the mine inspec

tors belief Hollowell in compa

nny with the negro, New, walked

to the fan as soon as the mine was

entered. He started the fan. The

other three miners were at the cage

waiting for the fan to start the air

well into circulation. Instead of

waiting for the required time before

going back further into the mines.

Hollowell and the negro went back

further into the west part of the

mines, where the coal had been shot.

Gas, which had accumulated in this

part, was set afire by their lamps.

If they had waited the required

length of time, said the inspector,

until the fan had sent fresh air all

through the mines, the explosion

would not have occurred. The testi

mony was that the men had not

been in the mines fifteen minutes

before the explosion took place.

Work on clearing away the wreck

age is being pushed and operation

will be resumed in a short time.

### GET CLEAN, OR BE CLEANED

The Earlington health board is active and moving with plans for a cleaner city and more sanitary conditions along lines effecting the public health. Mr. Trahern has been agitating the question of screening against flies all meats and vegetables and other foods displayed by merchants and dealers. No ordinance has yet been passed or formed to cover this but it is encouraging to be able to announce that some of our progressive dealers have already thought along these lines and have made their plans to protect against any possible contamination the foods and products they offer for sale to the people of Earlington. And thus will typhoid and other diseases be prevented. Doubtless all will voluntarily take these precautions but the duty of the Health Board is clear. There is to be a campaign of clean alleys and clean streets and clean premises, and The Bee would urge that this campaign should not stop with printed appeals and posted notices and moral suasion, but be vigorously followed up by our Health Board and City Authorities in the enforcement of the ordinances already enacted to control these conditions. In Cleveland there is being paid a public bonus of one cent for every ten flies killed during the space of two weeks, on the theory that if all the flies can be killed now there will be but few bred through the season. Let's clean up now and prevent flies and disease for the whole summer.

### GOOD STREET WORK

The street drainage problem is being worked out for Earlington in a practical and thorough manner by Councilmen Henry and Oldham, who have been chosen to handle this question, lay out the necessary work and have it

### Kentucky Educational Association

If you should dip up Lake Erie in a tin cup, pint at a time, and pour it on the big turbine wheels in the wheel-pits at Niagara Falls, you could hardly get them damp. But let a great body of water tumble through the tunnels, and the wheels are driven to generate energy sufficient for running all the machinery within two hundred miles of the fall. The water has might only when it falls in large volumes.

This principle holds as good in political and social science as in physics. The sum of the forces of a number of units is greater the closer the aggregation of units.

The irresistible rushes of Napoleon and Oku; the successful work of parties and sects; the powerful influence of organized public opinion in any great matter—all these, though widely differing, are based upon the principle illustrated above. To make intellectual or moral forces most effective, they must be made to act in the same direction and at the same time.

Each teacher in Kentucky is a unit of force. Every one of the ten thousand teachers of Kentucky is doing a faithful, earnest, and in most cases, efficient work. But how vastly more efficient work could be done by these units of teaching force acting together—by aggregating. The Kentucky Educational Association is sounding a clarion call to all teachers in Kentucky.

## AFTER GRIP

Look Out for Trouble  
The after-effects of the Grip are apt to be serious, but a normal healthy condition may be restored in a surprisingly short time by Vinol.

Watertown, Wis.—"After a severe attack of the Grip my system was in a very weakened, nervous and run-down condition. I began taking Vinol with the very best results, and in a short time I began to feel like an entirely different person, and I am better and stronger than I have been for years." Adelaide Gamm. (We guarantee this testimonial to be genuine.)

We have never sold in our store such a valuable strength creator and health restorer for the convalescent, the weak and run-down, as Vinol, and we ask people in this vicinity to try a bottle of Vinol, with the understanding that their money will be returned if it does not do all we claim for it.

done. One of the good things they have begun is at the intersection of Main and Sebree, where the narrow bridge into Sebree Ave. will be removed and filling laid the width of the Avenue, thus giving vehicles use of this entire width at the crossing. The new bridge on Railroad St. at Moss Ave. and grading of a section of the former street are among the substantial improvements already made. These two capable men are in earnest and the public may expect the best results from their labor.

### THE MULE

The mule is stupid, so they say: He has no brain with which to think; But he can always turn away When he has not enough to drink, No matter if his foolish brother insists that he must have another. —Chicago Record-Herald.

The Corn Products Refining Company, which manufactures great quantities of syrup, glucose, starch and other things from corn, have just now imported from Argentina two big cargoes of corn. This sounds like "bringing coals to Newcastle" and should make our American corn growers sit up and take notice.

## WELL DESERVED

The Praise That Comes From Thankful Earlington People

One kidney remedy has known merit.

Earlington people rely upon it, That remedy is Doan's Kidney Pills.

Earlington testimony proves it reliable.

Mrs. Joseph Blendin, Earlington, Ky., says: "You may continue to use my statement recommending Doan's Kidney Pills. Since they were used some years ago I have had no further need of a kidney medicine. A member of my family suffered from a very annoying case of kidney complaint for years. He took medicines and doctoring faithfully, but could get no relief. His back pained constantly and the kidney secretions were unnatural. Doan's Kidney Pills had been highly recommended and he finally procured a supply at the St. Bernard Mining Co. Incorporated. The results of their use were all that could have been desired. Every symptom of kidney trouble disappeared a short in time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**Bostonian Learns Something.**

The folly of interfering with a newsboy was illustrated on Hanover street. A well-dressed man took to task a newsboy who was crying a fake extra and read the riot act to him in fine style. The boy said nothing, but when the man started to run for a North Station car he raised the cry of "Stop thief!" which was at once taken up by several of his companions, and in a moment an angry crowd was at the heels of the luckless one, who was forced to take a trip to the station house before the matter was cleared up.—Boston Journal.

**Claim the Oldest Language.**

It is asserted by the Basques that their language, which bears a strong resemblance to certain North American dialects, is the oldest in the world, and was spoken by Adam and Eve in the garden of Eden. They also boast that it is the most difficult of all languages to learn. According to a native legend, the devil lived among the Basques for seven years, and during that time learned only two words of their tongue, "bal" and "ez," "yes" and "no," and these two words he forgot within an hour of leaving the country.

**Some Fences.**

A New York banker who feels that the privacy of his town residence has been invaded by the construction of apartment houses on adjacent property has filed plans with the building department of that city for a fence 150 feet high. A nine-story apartment building is to be built on the lot west of the home of this banker, who is J. M. Francolini, and he figures that a fence 150 feet high will be required to keep the future occupants from looking down upon him.—Popular Mechanics.

**Squab and Quail.**

Many prefer squab to quail because the meat is not so dry, and is always sure to be tender. The chief advantage, however, is in the fact that when you eat squab it isn't necessary to pause several times while picking out a bunch of bird shot from your sore teeth.—Wellington (Kan.) News.

**Retort Discourtesy.**

An Englishman and a Welshman disputing in whose country was the best living, the Welshman said: "There is such noble housekeeping in Wales that I have known above a dozen cooks employed at one wedding dinner." "Ay," answered the Englishman, "that was because every man toasted his own cheese."

**All He Had to Do With It.**

"And you actually consented to let your wife run for office?" "Consented? Certainly not. I acquiesced."

### Bald Heads Not Wanted

Baldness is too generally considered a sign of advanced age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent. of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one in Earlinton who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "98" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formalty expected, and we exact no obligation from the user whatever.

We are established right here in Earlinton, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—the Rexall Store. The St. Bernard Mining Co. Incorporated, Drug Department.

### WHAT IS A HOME?

What is a home for?

Peace.

What do many of us make it?

A place for?

Relating trials.

Displaying tempers.

Being disagreeable.

Dispute.

Haste.

Fault finding.

Fretting and worrying.

For tears.

For snarls.

For growling.

For swearing.

Forsaking.

For meanness such as none but a home companion should forgive.

For ugliness such as none would inflict upon a stranger.

Place opposite this: Home, a place for rest, for cheer, for warmth, for comfort, for forbearance, a place for peace, repose, a place where the soul may extend toward a nobler, better life. Home! The word itself comes from the Sanskrit "ksema," meaning abode, place of rest—secularity.—Kansas City Star.

### A Texas Wonder

The Texas Wonder cures kidney and cures diabetes, weak and lame backs, rheumatism, and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggists will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for testimonials from Ky. and other states. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Sold by druggists.

Ernest Newton says it pays to advertise in The Bee. He sold a horse and buggy through a Bee reader, besides getting auto votes on his account.

### SAY "HULLO"

When you see a man in woe,  
Walk right up and say "hullo!"

Say "hullo," an' "how d'y'e do!"

"How's the world a using you?"

Slap the fellow on his back,

Cring your han' down with a whack;

Waltz right up, an' don't go slow,

Grin an' shake an' say "hullo!"

Is he clothed in rags? O sho!

Walk right up an' say "hullo!"

Rags is but a cotton roll

Just for wrappin' up a soul:

An' a soul is worth a true

Hale an' haarty "how d'y'e do!"

Don't wait for the crowd to go,

Walk right up and say "hullo!"

W'en big vessels meet, they say,

They saloot an' sail away.

Jest the same as you an' me,

Lonesome ships upon a sea:

Each one sailing his own jog

For a port beyond the fog,

Let you speakin' trumpet blow,

Lift your horn an' ery "hullo?"

Say "hullo," an' "how d'y'e do!"

Other folks are good as you.

W'en you leave your house of clay,

Wanderin' in the Far-Away,
